

The client loved the Rolls Royce job. They thought it looked great and were totally impressed by the service provided. Thanks to the guys on the press and the finishing team we got the outcome we were hoping for.

Thank you for a great job on this year's Report and Accounts. At the 11th hour there were a number of changes to content from our side and you and your team dealt with them swiftly causing as little fuss as possible to an already stressed bunch over here!

The Sikvens brochures look fantastic!!! Many thanks to all involved. The Client is very, very pleased. I think they were quite staggered that the brochures were delivered when they were, given the huge delays they had caused. Great Job!
